THURSDAY, MARCH 31 1904

We are authorized to announce the name of

GEORGE D. PARROTT

is a candidate for the office of Sheriff Washington county subject to action of the Democratic party. Election November 1905.

Attorney General N. R. Hays and Gov. Beckham have been having a warm war of words. The Attorney General severely criticized the Governor for vetoing the bill providing assistant Attorney Generals and gave a few figures showing how the bill was calculated to save thousands of dollars to the state in "Calpoun" and similar fees. Gov. Beckham comes back and accuses Hays of misstating facts and figures but the Attorney comes again with a rejoinder making his case stronger than ever and citing more cases of the administration's extravagance in the way of special attorneys. The controversy so far has been confined to a question of economy. Everyone who is acquainted with the question especially every politician knows that the secret of Beckham's antagonism to the proposed law is that it would take from the Auditor and the Governor a big lot of political patronage which for obvious reasons it is not desirable to lose just now.

The latest from the scene of the war is the report of a big land battle near the town of Chong Ju, in which the Japs were victorious, the Russians being forced to retire. Particulars are meager but both sides are said to have lost heavily.

Damage from high water in Indiana and the Ohio Valley is quite serious.

The Captive

The Easter cantata the Captive will be rendered at Johnson's Chapel Sunday afternoon at 2:45 o'clock. This is a high class religious drama, attractive and instructive. There are four characters, the Captive, the Spirit of Darkness, Spirit of Light and the Knights of the Truth with his army. The music is inspiring, and will delight those who may attend. Prof. Wm. Baxter will preside at the organ. Seats free to all.

BLINCOE.

C. R. Filiatreau sold to B. H. Fields one milk cow, and calf for \$33.

Misses Mary Taylor, Maud Cambron, Messrs Tom Filiatreau and Richard Reynolds were the guests of Miss Alma Fields last Sunday.

Born, to the wife of Mr. Earnest Wathen, on the 9th, a girl.

Born, to the wife Rad Murphy, on the 20th, a boy.

James Edelen left last Monday for Louisville where he has a position.

Mr. Sam Edelen who has a position at Lorretto Academy, visited his parents on last Sunday.

Charles Spaulding and family visited C. R. Filiatreau.

News From The County.

Happenings Among the county People as Reported by our correspondents.

Valley Hill

Owing to the local rains the farmers of this place are behind with their work, and as the wheat crop has made a failure, the prospects are for a large acreage of op's.

Mr. and Mrs. Edward Gostley spent last Friday at the home of Mrs. Hugh Gostley.

Misses Margaret and Imogene Gostley visited Mrs. J. C. Hughes last Sunday.

W. E. Elliott and family were at the home of M. D. Reed last Sunday.

Mrs. John Virgin is at the home of her daughter, Mrs. Tom Reed, this week.

Messrs Ed Jones, Frank Jones and Frank Edgerton spent last Sunday at the home of Mr. J. L. Moran.

W. G. Perkins has removed to his farm he recently purchased near Booker.

Born, to the wife of Tom Reed, on the 25th, a 10 pound son. The father is all smiles.

The citizens of this place are somewhat stirred up about the small pox, as there are one or two who have had a good chance for it, and the chances are that we may have a case or two at this time.

The road question seems to be a standstill but the citizens of this vicinity are still working for better roads, and I hope some one will take the question into consideration and try to improve the public highways. The great trouble with most roads is they are not ditched sufficiently, and are not high enough in the middle. Water is permitted to stand in pools on the road, which not only causes depressions, but forms deep mud, and the wash of spring destroys the road. There are not enough brakes made to turn the water off, which of course is more injurious to the road than travel. So we cannot have good roads of whatever material made, unless sufficient drainage be provided. Frequent complaint is made by citizens who live in remote places from the business center that nothing is done to improve the back roads on which they live, and that they are taxed to keep up the roads in the most populous portions of the county. Yet, I would think, be a poor policy to expend money on any but the main thoroughfares. I would like to hear opinions of others on the subject.

Hillshoro.

The report of smallpox has cast quite a scare over our community and a number are prisoners in their homes and would not come out for anything.

We are glad to report all our sickable to be out. There are no new cases of measles or whooping cough that we know of among our people.

Quite a number from here attended the funeral of Mrs. John B. Peters at Mackville Saturday.

Miss Clara Shewmaker, of near Mackville, spent Saturday and Sunday with Misses Bettie and Minnie Mattingly.

Misses Mollie Shewmaker and Pearl McGossion who have been visiting Misses Maud and Eva Imman have returned to their home. Two of our young men are now very sad, but boys cheer up and cease repining for they may come again, and if they don't it is 'n't far to Holston.

The boys have quite a story to tell of their experience a few Sunday nights ago, when they term the darkest night ever known. While one young man was paying his respects to a girl in the Hardesty School House community, his horse became impatient and broke loose and he was compelled to get some one to bring him home. It is also said that another got lost in Mr. Prather's fields and could not find his way out until morning.

Another overturned his buggy but fortunately neither driver or buggy was injured. It is likely that the boys will be more cautious in the future about getting out dark nights.

J. M. Shilde who was kicked by a horse last week while out feeding his stock, is about well. He said as if the horse was trying to kick another horse and Mr. Shilde was accidently struck about the small of the back, but was not seriously hurt.

Coleman Settle sold a buggy to Lee Settle for \$35. We wonder why "Cole" has parted with his new buggy so soon?

Mr. and Mrs. T. W. Sutherland are visiting friends in Anderson county this week. Mr. Sutherland has recently sold his farm in that county to W. A. Whitehouse for \$10 per acre.

The peach buds which have been considered killed by the cold weather of the past winter, now give good indication of life. One of our citizens who is an authority on fruit culture, says that the live buds on his trees are numerous enough to make a good crop, and will fill the trees as full as they should be if they are not yet killed.

Misses Maud and Eva Imman entertained the young people of this vicinity Saturday night in a most elegant manner. Quite a crowd was present and all report an enjoyable time.

John Barnes and wife, Gravel Switch, visited the latter's parents here, Mr. and Mrs. John Shewmaker, several days last week.

Messames Emma Leachman and Annie Gostley were called to Fairfield last week by the illness of W. L. Leachman who is said to be quite sick.

Mr. P. B. Prather overseer of the old Mackville and Beechland road has begun work on his part of the road. So far as he has gone he has put in good condition. "Squire" Polls secured through the Fiscal court an allowance of \$32 to the mile, but it is not enough and it is likely that a delegation from here will appear before the court this time and urge the court to give a better allowance so we may be able to carry out Mr. Prather's plan to raise the road bed with mettle, ditch and culvert it. If this is done we will have good roads. We hope Mr. Prather will be able to accomplish this much for our community.

Jensonfont

Died, at the home of Jas. Best on Deep Creek, the 15th, his son Albert. His remains were interred in the old family burying ground. He was in his 19th year.

Mrs. R. B. Elliott is very sick with the grip.

Claud Key bought the Pope's Chapel Methodist church and lot for \$127 each. The church was sold at auction.

Cred Arnold sold to Bill Rhineheart a horse for \$50.

Matherly Bro's have sold their interest to the store at this place to A. H. Crain. The latter has just received a large stock of spring goods with more to follow and invites his friends to inspect them.

O. B. Pope bought of Houston Greer one bay mare \$65.50.

W. H. Milburn reports several cases of measles at his house.

W. H. Harmon is worse at this writing, and not expected to live many days.

Mrs. J. H. Elliott is on the sick list.

Robert Coochanoff is expected to leave this week for Indianapolis where he will make his future home.

Mrs. Layne is very low at this writing. She is an aged woman and may not likely recover.

Pleasant Grove

Miss Ellen Gregory visited her grandmother near Bardstown last week.

Harry Reed of the grocery clerks association was in the Grove Sunday.

The sick are all a great deal better.

Lieut. L. B. Litsey was at home from Danville last week.

The small pox is bluing a good many of the Grove people out of town.

Miss Jennie Redding opened her school here Monday morning. It has been closed for three weeks on account of measles and various other diseases that have held away here this winter.

A good many from here attended the funeral of Mrs. J. B. Peters in Mackville last Saturday.

Sergt. Ezra Goodlett who has been with the U. S. army for the past three years is at home Young Goodlett was in the Philippines for a little over one year and the remainder of the time was spent at Fort Wingate, N. M., and other western forts. He has made an excellent record in the army and his promotion to Sergeant is good proof of his efficiency as a soldier.

Mrs. J. B. Peters who died in Mackville last Thursday was well known here. It is sad for the home to be deprived of the mother before she has yet entered the evening of life. We extend great sympathy to the bereaved husband and three little children.

Canary.

Spring has greeted us and each and every one was glad to bid farewell to old winter and trust it will not be so cold next year.

The wind storm caused a great deal of damage Friday night. It blew down a tobacco barn for J. D. Burns, and lifted the top off from an old barn for Abe Canary, and scattered lots of fencing and blew down many trees.

Mr. Mark Lawrence and a Miss See Stoll were married on March 23rd.

Miss Margaret Litsey is very sick at this writing.

John Reed will move to Em Young's place this week.

The little ten year old daughter of Mr. and Mrs. Eliza Wren died at her home, of pneumonia and measles, Wednesday March 23. Interment Thursday at old Haystack cemetery.

Mrs. J. H. Elliott is on the sick list.

Robert Coochanoff is expected to leave this week for Indianapolis where he will make his future home.

RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture in the form of a label on the wrapper is a copy of the Emulsion you buy.

Diarrhetic Pasture.

In Herbert Paul's "History of Modern England" is this picture of Diarrhetic.

Of finance or of any other business Mr. Diarrhetic never knew nor cared to know anything at all. Literature and the theory of politics exhausted his interests in this subinary sphere. He lived in the house of commons, and he lived for it. His fund of patience seemed to be inexhaustible. He sat through the longest and dearest of debates without betraying by any outward symptom that he was bored. Alert and wakeful, especially when he seemed to be asleep, he was ready at any moment to take advantage of a situation or of an individual. Nothing escaped him which did not require research for its recognition, and, though in these days his speeches were often inordinately long, his flashes of epigrammatic wit enlivened them.

Evidence of Riches.

"Isn't her display of diamonds magnificent?"

"It is undeniably lavish," replied Miss Cayenne, "and in so much better taste than it would be to ornament her with real money and government bonds."—Washington Star.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure
is the only positive cure now known
to the medical fraternity. Catarrh be-
ing a constitutional disease, requires
constitutional treatment. Hall's Cat-
arrh Cure is taken internally, acting
directly upon the blood and mucous
surfaces of the system, thereby
destroying the foundation of the disease
and giving the patient strength by
building up the constitution and as-
sisting nature in doing its work. The
proprietors have so many faith in
this cure that they offer One
Hundred Dollars for any case that it
fails to cure. Send for list of testimo-

In publishing the list of sub-
scribers to the St. Catherine
building site fund an error was
made in making it appear that
the Springfield Water & Electric
Light Co. had subscribed \$100,
when it should have read the
Springfield Lumber Co., of which
Ma. J. F. Pettus is manager.
The latter gave \$100 instead of
the first named corporation.

The subscription of H. B. Waters
for \$40 was also inadvertently
omitted from the published list.

The wind storm of last Friday
night did considerable damage in

the roof of the George D. Ro-

A chimney on St. Dominics
church was blown down making
a hole in the roof through which
the rain poured, greatly damag-
ing some vestments and furni-
ture in the church. A tobacco
barn of Mr. John D. Burris was
blown down, and a barn on the
farm of Mrs. Sallie Crumes was
moved from its foundation.

Quite a number of trees, and
fences in and about town suffer-
ed from the effects of the hard

Rev. S. J. Cannon preached
his farewell sermon as pastor of
the Springfield Baptist church
on last Sunday and he and his
wife leave this week for Louis-
ville where they will be for the
present. In our article last week
concerning Rev. Cannon's resig-
nation we erroneously quoted
the pastor as assigning among
other reasons the lack of finan-
cial support from the church.
This was an injustice to the
members and we gladly make
the correction. The pastor's
salary and other expenses of the
church have been promptly and
fully paid and as Rev. Cannon
announced the church had com-
plied with its contract with him-
self. He gives as his reason for
resigning a lack of "spiritual

Death of Mrs. Peters
After an illness of several days
of pneumonia Mrs. John B.
Peters died on last Thursday at
her home near Mackville. The
funeral took place at that place
on Saturday.

Mary Etta Peters, wife of
John B. Peters, daughter of
James and Parlee Isham was
born October 12th, 1836, and
departed this life March 25th,
1904. The funeral services were
held in the Mackville church
where twenty years before, when
just in the bloom of her young
womanhood, she had given her
self to service of the divine
Master. Three years later she
was united in marriage to John
B. Peters. The wisdom of this
step was never questioned. Their

devoting to each other was a
beautiful expression of love.
Four children came to kiss the
union and sanctify the home, one
remained for a brief visit and
then went away to be with Jesus.
The other morning at one o'clock
mother and son were reunited.

Our hearts are exceedingly
sorrowful and go out in sympathy
to the husband, the mother-
less children, the aged mother,
brothers, kindred and friends.

The sermon preached by Bro.
Brewer to a large concourse of
friends was in every respect ap-
propriate for the occasion: "The
Resurrection the hope of the
Christian World," a patormanic
vision of future blessedness was
vividly brought before us. Con-
solation was offered to all. After
a few remarks by Bro. Hobbs
the congregation was dismissed.

Thence to the cemetery where
the remains were laid to rest to
await the sounding of the last
trump. Farewell till then.

SMALLPOX SITUATION

It is Well Under Control and No
Cause for Alarm.

So many wild and false rumors
have been put into circulation
throughout the county in regard
to the smallpox situation, all of
which are more or less calcu-
lated to cause unnecessary alarm
that the NEWS-LEADER in this
article will give all of the facts
and will picture the situation
just as it is, concerning nothing.
The true condition of affairs
which is known is not such as
should cause any alarm, espe-
cially in view of the fact that
strict precautionary measures
are being enforced to protect the
town against any further spread
of the disease.

The cases which have devel-
oped in town and which are
strictly isolated are as follows:

Mr. Joe Frisby, a boarder and
three of the girl waitresses at the
Walton Hotel. Mr. Frisby has
practically recovered and the
other patients are getting
along nicely.

Mr. Theo Campbell has a very
mild case. He is sick at the
home of his father, F. M. Cam-
pbell and none of the household
are allowed to leave the place.

Lafayette Wells has a most recover-
ed from a mild attack. He is
isolated at his home on East
Main street.

Thomas Hardesty broke out
with a mild case last Sunday.
He is at home and only his wife
has had any communication with
him.

Will Greene is recovering from
a mild attack and is confined at
the home of his father, Mr. J. F.
Greene. The entire family has
been kept at home. No indica-
tion of any further spread from
this case.

All of these cases are thought
to be traceable to the hotel, the
first case having developed in
one of the girl employees at that
place. Mr. Frisby was a board-
er as was Mr. Campbell who
lived there with his family. Mes-
srs Hardesty and Wells are
proprietors of the hotel barber
shop.

Dr. McCormack, Secretary of
the State Board of Health came
in on the noon train Tuesday
and after conferring with the
local Board of Health and the
local physicians, and after visit-
ing all of the cases, called a
meeting of citizens at the court
house. A large crowd quickly
assembled and Dr. McCormack
made a few remarks defining the
situation and stating just what
action the health officers propose

to take. In the first place Dr. Mc-
Cormack set at rest all doubts
by pronouncing the cases to be
smallpox in a mild form, but he
thought that the situation need
call for no alarm, provided the
people will aid the health offi-
cers and obey the order to vac-
cinate. Dr. McCormack said
that it has been clearly demon-
strated that vaccination is an ab-
solute protection against small-
pox. He put the matter plainly
to the people and it is this: If
the people of Springfield will
consent to a thorough vaccina-
tion, and if the local Board of
Health is able to report within
ten days that all have been vac-
cinated, no further action will be
taken by the State Board. If,
however, the people, or any of
them refuse to submit to vac-
cination the Board will declare a
quarantine against the town and
then vaccinate by force of law.
A quarantine would mean the
stopping of trains and nothing
would be allowed to go in or out
of the town, except telephone
messages and birds. It is to be
hoped no trouble will be encoun-
tered by the local health officers
in enforcing the vaccination order
and many have already complied
and have been vaccinated.
